

WARSAW AIRPORTS 2009: E P M O M O D L I N

MANUAL

Scenery for Microsoft Flight Simulator X
by Drzewiecki Design

EPMO Modlin X

Warsaw Airports 2009: EPMO Modlin X is a highly detailed scenery of EPMO Modlin military airport located north of Warsaw, Poland. This is a version for Microsoft Flight Simulator X only. EPMO Modlin for Fs2004 is a separate product.

Installation:

Please uninstall all demo versions of this airport you may have installed before. All sceneries from Warsaw Airports 2009 package are equipped with an automatic installer. We support a safe, manual way of adding new sceneries to Scenery Library in Flight Simulator. This is just one thing a user need to do himself. In Flight Simulator's menu go to Settings, Scenery Library, click Add new scenery and then select EPMO airport. It should be located in your main FS folder\Addon Scenery\EPMO_X. Click OK. After completing these steps the EPMO scenery should work properly.

Airport history:

The airport started to be constructed around 1937 and first served as a grass strip for Luftwaffe and Soviet Army. In ~1950 two large hangars were built as well as a large concrete runway. For many years Modlin airport was used as the Aviation Training Center for Polish army and served 38th Training and Combat Air Force Regiment and 45th Experimental Air Force Squadron. In 2000 the Ministry of National Defence handed the airport over to the Military Property Agency. For more information please visit Modlin Airport's website: <http://www.modlinaairport.pl/site/history>. Currently EPMO Modlin is recognized as a disused military airfield, located 35km North of Warsaw city. On 10th September 2009 the Mazowiecki Governor signed an agreement allowing to start a construction of a new terminal. EPMO Modlin is expected to become a regional passenger airport for low-cost carriers in 1012.

General airport information:

City: Modlin (Warszawa), Poland
 Near (Alt.): Nowy Dwor Mazowiecki
 ICAO: EPMO
 Type: Airport (Aerodrome, Airfield)
 Use: Military
 Latitude: 52°27'04"N (52.451111)
 Longitude: 20°39'06"E (20.651778)
 Elevation: 341 ft (104 m)
 Runways: 1
 Longest: 8202 × 197 ft (2500 × 60 m)
 Surface: Asphalt
 Time Timezone: UTC+1 (DST+2) / DST = 31 March at 0100Z to 27 October at 0100Z
 Magnetic Variation: 004° E (01/06)
 Fuel: NC-100LL, A1
 Communication: INFO 124.500 Mhz

 EPTO Torun, PL (97 mi / 156 km NW)

Charts:

The scenery includes airport diagram and visual approach chart for VFR flights. The file is located in your main FS folder\Addon Scenery\EPMO_X. Customly designed charts of EPMO airport are made for flight simulator use only and not for real navigation. You need Adobe Acrobat Reader software to open PDF files. You may get it here: <http://get.adobe.com/reader/>

Scenery features:

- Compatible with FSX (EPMO for Fs2004 is a separate product)
- Accurate geographic positioning, modelling and texturing
- High quality photoreal textures of all airport buildings. Textures are based on over 300 real world photographs made for this project. We appreciate very much that we were given a permission to make pictures for couple days in that area with no limits
- Some buildings include interior (old terminal used as a control tower, some military shelters)
- High quality aerial photos of the airport area are included (5 seasons+night).
- Product includes customly designed airport charts in PDF format and AI traffic

Compatibility:

All sceneries from Warsaw Airports 2009 package are compatible with all currently existing payware add-ons for this area including UTX and Warsaw Photo Scenery by Simdesign. We are not able to guarantee a compatibility with all freeware add-ons. If there are some issues, please visit our forum. All sceneries from Warsaw Airports 2009 package are aligned to a precise satellite images and geographic position that may differs from FS default road and railroad design. Having UTX installed is recommended for the best visuals.

Demo:

Demo version of Warsaw Airports 2009: EPMO Modlin is actually a fully functional freeware scenery, perfectly aligned to the full payware version. This ensures no problems with online (VATSIM, IVAO) and any multiplayer flying in case some users have the payware scenery and some don't. It features a gmax-designed runway, taxiways and aprons. All buildings are modelled as in the full version, covered with lower resolution textures.

Support:

Our forum <http://drzewiecki-design.net/forum/> supports registered users in English and Polish. Please read Regulations prior to registering. For find another way of contact please proceed to our website www.drzewiecki-design.net and Contact section. Our e-mail address: drzewiecki-design@wp.pl
All feedback and suggestions are welcome!

Copyright and distribution:

DRZEWIECKI DESIGN LICENSE AGREEMENT

This is a legal agreement between you (either an individual or a single entity) and Drzewiecki Design referred as the ("Licensor") for the software product accompanying this Agreement.

This agreement includes computer software and may include associated media, printed materials, and "online" or electronic documentation referred as (the "Product").

By installing, copying, or otherwise using the Product, you agree to be bound by the terms of this Agreement. If you do not agree to the terms of this Agreement, please, do not install, copy, or use the Product.

The Product is protected by copyright laws and international copyright treaties, as well as other intellectual property laws and treaties. This Product is licensed, not sold.

This License Agreement does not grant you any rights to patents, copyrights, trade secrets, trademarks, or any other rights with respect to the Product.

NO COMMERCIAL USE. This Agreement does not grant you the right to use the Product for any commercial purpose other than your personal use and the decision to enter into a commercial license with Licensor for this Product Commercial purpose includes, but is not limited to, any purpose from which you, an end user of an application developed by you, or another person obtain financial or other consideration and any purpose associated with the operation of a commercial enterprise, even if you do not receive any consideration for that use.

NO TRANSFER, MODIFICATION, OR REPRODUCTION. You may not rent, lease, sell, assign, loan, or otherwise transfer the Product. You may not transfer or assign the rights and obligations set forth in this Agreement without Licensor's written consent. You may not remove or destroy any copyright notices or other proprietary markings. You may not modify or adapt the Product, merge the Product into another program, or create derivative works based on the Product. You may not reproduce or distribute the Product without Licensor's written authorization.

NO REVERSE ENGINEERING. In order to protect the trade secrets and proprietary know-how contained in the Product, you will not decompile, disassemble, or reverse engineer the Product except as expressly permitted by applicable law.

THIS SOFTWARE IS PROVIDED 'AS IS' AND ANY EXPRESS OR IMPLIED WARRANTIES, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NON-INFRINGEMENT, ARE DISCLAIMED. IN NO EVENT SHALL THE AUTHOR BE LIABLE FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, EXEMPLARY, OR CONSEQUENTIAL DAMAGES (INCLUDING, BUT NOT LIMITED TO, PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES; LOSS OF USE, DATA, OR PROFITS; OR BUSINESS INTERRUPTION) HOWEVER CAUSED AND ON ANY THEORY OF LIABILITY, WHETHER IN CONTRACT, STRICT LIABILITY, OR TORT (INCLUDING NEGLIGENCE OR OTHERWISE) ARISING IN ANY WAY OUT OF THE USE OF THIS SOFTWARE, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGE.

You agree and acknowledge that Licensor's liability to you for direct or indirect damages for any cause whatsoever, regardless of the basis of the action, would be limited to the price paid to the Licensor for the Software and in the case of this License no amount was paid for this License and therefore you agree that Licensor shall bear no liability for direct or indirect damages for any cause whatsoever, regardless of the basis of the form of the action.

SCENERY DESIGNERS

You are not allowed to use any complete files or parts of our bgl, mdl, bmp, txt, pdf, gmax or fx files that may be included in the project without a written permission from Drzewiecki Design.

ENTIRE AGREEMENT: This Agreement sets forth the entire understanding and agreement between you and Licensor, supersedes all prior agreements, whether written or oral, with respect to the Product and subject matter hereof, and may be amended only in a writing signed by both parties.
